

Shared Manpower Program Request Form

Purpose: To use as a resource for IEC New England Member Contractors when they have a surplus of or need workers. The contractor can offer them to other IEC New England Member Contractors on a loan basis. If a contractor has workers to loan out or willing to borrow, they need to complete the form and fax it back to the IEC New England. IEC New England will email the form to all members. The IEC New England does not negotiate rates or relationship between the two companies. This agreement is between the two companies, therefore the IEC need not be notified nor involved.

Date _____ Company _____

I am looking to Loan Borrow

Journeyman Number Needed _____

Work Dates _____ Location _____

Apprentice Number Needed _____

Work Dates _____ Location _____

Rules of the Pool

- An apprentice must be loaned with a journeyman.
- Rates are determined between the two contractors; the intent is to maintain our workforce, not to make a profit from the loaning process.
- The purpose of this member benefit is to borrow, not to steal manpower. Protect your reputation if you want cooperation from other members!
- Help keep our skilled workforce employed through sharing – organized labor wants your men.
- Submission of this form does not guarantee fulfillment of your need; however, if we don't hear from you, we can't help you at all!
- This has worked effectively for over a dozen years; take advantage of a proven opportunity.

**PLEASE RETURN THIS COMPLETED FORM TO ELAINE@IECNE.ORG.
THANK YOU.**
